### "Cheer Me On"

Visit "[Cheer Me On](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I'm staring at the computer screen  
And I'd prefer it to be you and me  
Everyone is getting in our way of destruction  
The only reason I'm here is for fun

If bets are gonna get you in my arms I think I'll pass  
No big alarm  
A five dollar bill and you're set  
Although you're something I'll never forget

I'm looking for you to answer  
And I'm also looking for the cure  
One night on the town is all I need  
But in this race you already took the lead

If bets are gonna get you in my arms I think I'll pass  
No big alarm  
A five dollar bill and you're set  
Although you're something I'll never forget

So cheer me on, oh cheer me on, this road ain't too  
long

I'm looking for you to answer  
And I'm also looking for the cure  
One night on the town is all I need  
But in this race you already took the lead

So cheer me on, oh cheer me on, this road ain't too  
long  
So cheer me on, oh cheer me on, cheer me on, this  
road ain't to long
