

## Off My Rocker "The Riddle"

Visit "[The Riddle](#)" on MotoLyrics.com

Questions involving peoples fate  
Frequently asked  
Ideas of purpose rapidly denied  
Just like the old man and his tales  
Constantly reminds us of the birth of today

Blood spilled in gallons  
Families seperated in tears  
Zerks, using treason as reason for frenzy

Awaiting SIGNS  
x2

Failing senses forcing eyes to stay sharp  
The riddle of our time  
Not even close to be solved  
Sophisticated perspective  
Reflecting  
Makin it Worse  
Youth telling tutors to FUCK OFF!

Organisations lost  
In a defendable way  
x2

Lessons in Life to be announced  
Until the answer reveals  
Thy mind wont rest  
Thy soul wont sleep
