Baby when I'm with you
I can't describe the feeling
All I know is it you're in control of me
Girl you got something different that not the other
women
I can't deny that you got hold on me

Pre chorus:

I don't wanna lose you never without you
I don't know what to do or where to go
I just gotta let you know
I don't ever hurt you you ain't got worry
You can let your problem go
Just so you know

Chorus:

I'm keeping your love on lockdown, lockdown ooh
I never wanna let you escape
I'm keeping your love on lockdown, lockdown ooh
I never wanna let you escape

I just can't be without you whenever I'm around you I
shut down
No matter where I'm supposed to be
And girl when I'm not with you, you know that I miss you
Or I'll be there whenever you call on me
[Pre Chorus:]
[Chorus:]

Baby I will never wanna leave you no no no no no hey
I will never leave you
Baby I will never wanna leave you no no no no no hey
I don't wanna let you go
Baby I will never leave
Baby I will never wanna leave you no no no no no hey
Baby I will never wanna leave you no no no no no hey

[Chorus:]
