You've seen me before  
But the words were never right  
Cause I'm on a roll  
And I ain't leaving without a fight

Brace yourself the time is right  
Cause I'm on a roll tonight  
Oh, I'm on a roll tonight  
I'm on a roll yea

And if it's over then I'll go down swinging like hell  
I'm not afraid of the fall, of it all  
And isn't it just what you wanted to see?  
Yeah wo-o-o

You'll never let go  
Once you took your bite  
Cause I'm on a roll  
and I ain't leaving without a fight

Brace yourself and hold on tight  
Cause I'm on a roll tonight  
I'm on a roll tonight  
I'm on a roll yea

And if it's over then I'll go down swinging like hell  
I'm not afraid of the fall, of it all  
And isn't it just what you wanted to see?  
Yeah wo-o-o
