Look in the mirror, mascara smeared  
Sippin' belvedere, la-la-like a superstar  
Stuna shades, oh it's so cliché  
She's no grenade, strut-strut-strutting to her car

Like it's a runway, but it's a Hyundai  
Stiff the valet but she par-par-parties like she's paid  
She's maxxin' out her Visa, just like a fashionista  
Downin' Margarita's, fierce (rarr) like a cheetah

Next top model poppin' bottles all night  
Like a bombshell, like a bombshell  
Put on a show and strike a pose

So get your sexy face on  
New York to Milan  
Everybody try it on, oh oh oh  
We're bringin' sexy face back  
Cause it's the new black  
Got 'em flying off the racks  
It's a must have

So get your sexy face on, sexy face on  
Get your sexy face on, oh oh oh  
We get our sexy face on, our sexy face on  
From the club to the salon  
Everybody get your sexy face on

He's blue steel, behind the wheel  
Got sex appeal, he's a real man (mannequin)  
Super chic, elite physique  
But he's an uber freak, yeah he's li-li-living at the gym

He's a male model poppin' bottles all night  
At the hotel, it's a motel (6)  
Put on a show and strike a pose

So get your sexy face on  
New York to Milan  
Everybody try it on, oh oh oh  
We're bringin' sexy face back

Cause it's the new black  
Got 'em flying off the racks  
It's a must have

So get your sexy face on, sexy face on  
Get your sexy face on, oh oh oh  
We get our sexy face on, our sexy face on  
From the club to the salon  
Everybody get your sexy face on

Uh put your hips like this  
Oh, now pucker up like a kiss  
And if you're not on the list  
Just flash that sexy face

Snap snap full throttle  
High fashion supermodel  
Ugly duck to swan  
Get your sexy face on

Get your sexy face on, your sexy face on  
Get your sexy face on, get your sexy face on

So get your sexy face on  
New York to Milan  
Everybody try it on, oh oh oh  
We're bringin' sexy face back  
Cause it's the new black  
Got 'em flying off the racks  
It's a must have

So get your sexy face on, sexy face on  
Get your sexy face on, oh oh oh  
We get our sexy face on, our sexy face on  
From the club to the salon  
Everybody get your sexy face on

Sexy face on, sexy face on  
Get your sexy face on, oh oh oh  
We get our sexy face on, our sexy face on  
From the club to the salon  
Everybody get your sexy face on
