I see the way the salesmen stare into the sun
I stood and watched them as they fell off one by one
And everyone's so blind
They're not to help mankind
Reach into your bag of tricks and pull another one

Wohhhh You don't want to change the world like you say
Wohhhh You're in it for yourself no one else
You're ready saving yourself
You're gonna change the world
You're ready saving yourself
You're gonna change the world

Now when the day is set they'll line up all the same
And those that need the most will never get or gain
The ones you call your friends
Are failing you again
Reach into your bag of tricks and make it go away

Wohhhh You don't want to change the world like you say
Wohhhh You're in it for yourself no one else
You're ready saving yourself
You're gonna change the world
You're ready saving yourself
You're gonna change the world
And since you ain't what you say
Then just go away
Cause some don't lie
Some don't lie

Go on now they won't tell
Go on now and save yourself

Wohhhh You don't want to change the world like you say
Wohhhh You're in it for yourself no one else
You're ready saving yourself
You're gonna change the world
You're ready saving yourself
You're gonna change the world

And since you ain't what you say
Then just go away
Cause some don't lie
Some don't lie
