In a world without leaders
Who'd start all the wars?
The world that you're saving
Will always be yours

Kill the President
Listen to the voice of reason
Unify with that single line
Stop the man with the power
Of the government
A leader's not the center
Of democracy

In a world without leaders
Who'd make people starve?
The world that we're saving
Will always be ours

Everyone says
Well maybe I'll make a difference
Thinking they've got plenty of time
But you're squeezed
A little tighter everyday
Punished before you can commit a crime

In a world without leaders
Who'd start all the wars?
The world that you're saving
Will always be yours

Kill the President
Listen to the voice of reason
Unify with that single line
Stop the man with the power
Of the government
A leader's not the center
Of democracy

America
All of your enemies
Come from within

But you lash out so
It is seen
Like some frightened child
In an angry world
Or the fall of Rome
Your demise comes
From your own hands

In a world without leaders
Who'd start all the wars?
The world that you're saving
Will always be yours

In a world without leaders
We might have a chance
But we'll never see it
As long as there's
