Hey!  
I'm driving down a dusty road  
Hey!  
I've got nowhere to go  
Hey!  
No place that I can call my own  
On and on this road is burning  
Break away!  
I'm leaving all this crap behind  
Break away!  
The past is gone the future's blind  
Break away!  
Don't care how long it takes this time  
On and on I'll take the long way home  
The long way home  
The long way home  
If it's for me it's on the way home

Hey!  
Like fragments of a broken mind  
Hey!  
I splinter by my own design  
Hey!  
The search is not a waste of time  
On and on this road keeps burning  
Break Away!  
My hands are glued upon the wheel  
Break Away!  
The road ahead is all I feel  
Break Away!  
The only thing left that's real  
On and on I'll take this long way home  
The long way home  
The long way home  
I will go alone  
I will go and find it on my own

What lays ahead you cannot find for me

On and on I'll take the long way home  
The long way home

The long way home  
If it's for me it's on the way home  
The long way home  
I'll take the long way home  
I will go alone  
I will go and find it on my own
