tic toc the feeling stops I sense that inner drop it's  
inside my head

I feel your energy my old age enemy hey what's that  
you said

I think of all those lies I ask the question why we did  
what we did

la trieste calls my name I feel I go insane

I thought she was dead

la trieste where are you now do you hurt - hurt me  
some now

la trieste where are you now do you hurt - hurt me  
some now

I wash in pores of rain to hide that hated pain for  
someone whose dead

I feel her come for me my old age enemy why can't we  
forget

I feel it coming on that feeling growing strong stronger  
than hate

for what I used to be with you controlling me

I killed you but still you're not dead

la trieste ...

It's a feeling it's a feeling it's inside my head

It's a feeling it's a feeling I killed you but still you're not  
dead

la trieste ...

It's killing me It's killing me It's killing me It's killing me

It's killing me It's killing me It's killing me

I killed you but still you're not dead

la trieste ...

It's killing me It's killing me It's killing me It's killing me
