Come on and hold me
come on and show me
what is all about
be a man
and a friend tonight
it's really gonna be all right
Oh, light of love
that's from above

Light of love
light of love
light of love
light of love

Come on and show me
come on and tell me
what it really means
Is this the rhythm?
or is just a fantasy
Oh, light of love
that's from above

Light of love
light of love
light of love
light of love

Is this the real thing?
is this a fantasy?
is this the real thing?

Light of love
light of love
light of love
light of love
Light of love
light of love
light of love
light of love
Light of love
light of love

light of love
light of love...
