Cold as inhuman light..
Tell me why are you calling my name
How do you know..
Who I am and where I come from?

Can't see your faces, can't see your eyes
Bytha light of a pale moon
Weaving a magic row to my head
I can hear all the voices inside

Voices out of a distant night
Hunting my deepest thoughts from inside to aside
Voices...Let me hear what you got for me
Let me know...Give me the reason why you have called
And the reason why you hide

Steps on the floor I hear
I can feel your breath upon me
A flower scent
Don't tell me I'm raving again

Can't see your faces, can't see your eyes
Bytha light of a pale moon
Weaving a magic row to my head
I can hear all the voices inside

Voices out of a distant night
Hunting my deepest thoughts from inside to aside
Voices...Let me hear what you got for me
Let me know...Give me the reason why you have called
And the reason why you hide

Voices(Voices...)
Turning inside my head(Turning inside my head...)
Voices (Voices...)
Voices around my head...(Voices around my head...)

All these voices out of a distant night
Hunting my deepest thoughts from inside to aside...

Can't see your faces, can't see your eyes

Bytha light of a pale moon
Weaving a magic row to my head
I can hear all the voices inside

Voices out of a distant night
Hounding my deepest thoughts from inside to aside
Voices...Let me hear what you got for me
Let me know...Give me the reason why you have called
And the reason why you hide

Voices(Voices...)
Turning inside my head(Turning inside my head...)
Voices (Voices...)
Voices around my head...(Voices around my head...)
