Alone in the dark of a blue cage
I struggled against my fears
My sanity broke through an unstable
Sudden lucidity

I saw my life as a circle
Like I never did before
A grandfather clock: It was ticking
Over and over...

Life: We perceived it straight like a line
Heading to the future
Life is turning around and around

A "Merry go round"
Where every new day's just the same day
24 hours to be lived
Before everithing rewinds
Oh, "Merry go round"
Way far beyond your perception
The 25th hour came for me tonight, yeah!

And breaking the time' sly deceptions
I sailed through its wrinkled fold
Where spirits bound to rejection
Fumble and rove

Lies: Our lives are nothing but lies
So now I'm pretending
Time to find out who I am, where to go

A "Merry go round"
Where every new day's just the same day
24 hours to be lived
Before everithing rewinds
Oh, "Merry go round"
Way far beyond your perception
The 25th hour came for me tonight, yeah!

I want to break free
And open up my soul

When the hour comes I will let it in
And my doubts will be finally gone, gone...

All these voices talking inside of me
Every spirit whispering to my ears
"You've been her, shi will be you
I've been you, you will be me
Together we will be them..."

A "Merry go round"
Where every new day's just the same day
24 hours to be lived
Before everithing rewinds
Oh, "Merry go round"
Way far beyond your perception
The 25th hour came for me tonight, yeah!
