My name was Marielle but you can call me Mary You see, like the others I can't fade away Half life (half now) $\tilde{A}$ ¢ $\hat{A}$ I'm a spirit now $\tilde{A}$ ¢ $\hat{A}$ I have no home, no place where I can rest in peace

I feel an empathy with your soul
I see you're fallen deep down with
Your fearsâ€Â¦ Have your dreams been killed by the
pain?
Your tears are digging your own grave

And the daemon you hide killed the angel you got He tried to bring you light but you fell into darkness All the blood that you sweat, every drop that he dried Everything is  $lost \tilde{A} \Leftrightarrow \hat{A} \Leftrightarrow \hat{A}$ 

Out there, starsâ€Â¦
There are millions in the universe
They seem all the same but they are different
Their lights and their different colours
They stand, they're still, they dieâ€Â¦
Melting with infinity

Relieve the sorrow that you keep inside Release what's left in you tonight Escape from the branch of thorns in your heart Beforeâ€Â¦ Before it's just too late

And the daemon you hide killed the angel you got He tried to bring you light but you fell into darkness All the blood that you sweat, every drop that he dried Everything is  $lost \tilde{A} \Leftrightarrow \hat{A} \Leftrightarrow \hat{A}$ 

I feel the sorrow you're keeping inside I see what's left in you tonight Escape from the wild branch of thorns in your heart Beforeâ€Â¦ Before it's just too late

And the daemon you hide killed the angel you got He tried to bring you light but you fell into darkness All the blood that you sweat, every drop that he dried Everything is  $lost\tilde{A} \Leftrightarrow \hat{A} \Leftrightarrow \hat{A}$
