do you believe me when i say  
its going to be okay  
nothings gunna happen  
everythigns gunna stay the same  
deep down inside  
i think you know im lying  
if you take a good look, inside im crying  
im looking for help, but im too scared to say  
i want things to change, i hate it this way

i know your hurting  
im feeling it too  
i dont deliberately want to do this to you  
but your the only 1 i can turn to  
and the only one i will  
and to make you happy  
god knows i would kill  
forgive me please  
IT WAS MY MISTAKE  
there are to many risks  
for me to take

i come to school  
and you see the sadness in my eyes  
along with the pain, deciet and lies  
i know your angry, and fuming inside  
but your doing a good job at keeping your pride  
i know when you say, that ill be there all the way  
your being serious, here with me is were you wanna  
stay  
i need to thankyou for everything you have done  
god knows i wouldnt be here if you werent the one

i know your hurting  
im feeling it too  
i dont deliberately want to do this to you  
but your the only 1 i can turn to  
and the only one i will  
and to make you happy  
god knows i would kill  
forgive me please

IT WAS MY MISTAKE  
there are to many risks  
for me to take

this is it  
i cant do it nomore  
your the one i turn to for help  
forever more  
and if you turn away  
id die inside  
cause with you  
i wanna spend the rest of my life.
