I didn't mean to do it - couldn't you tell

But last night the moon was full

I had a glass of wine, I was feeling swell

Then I got a load of you

Sometimes you look at me

And I forget to think

Last night I kissed you

Now I need a drink

You can't really blame me - I lost my head

Now I feel a little blue

You didn't call me, I'm so relieved...

But what's the matter with you?

Sometimes you look at me

And I forget to think

Last night I kissed you

Now I need a drink

We've got nothing else in common

You think I'm a snob

And I think you're a little rough

But ask me to dance - I just can't say no

Baby, call my bluff

Guess I should be sorry - but I'm not

Cause I still remember how

Soft your lips felt under mine

Wish that I was kissing you now

Cause when you looked at me

I forgot to think

And so I kissed you

Or did you kiss me you think
