

## Vision Of Disorder "Walking The Line"

Visit "[Walking The Line](#)" on [MotoLyrics.com](#)

You walk under twilight.  
Reborn into moonlight.  
So easily we're chosen.  
So easily unwoven.

Jesus came that morning.  
Jesus gave no warning.  
I feel strange.  
I don't remember anything.

[Chorus:]  
I've been walking the line.

Jesus came that morning.

Jesus gave no warning.  
I feel strange.  
I don't remember anything.

[Chorus:]  
I've been walking the line.

We all transcend,  
To a bitter end.  
To silent grooves.

To other lives,  
Under skies of granite stone.
