Litigation got me thinking
In the window all these letters
This will be your own catastrophe
As you wait zone zero

I don't care what you think
I don't care what you say
I don't care about them
I don't care any

I don't care what you think
I don't care what you say
I don't care about them
I don't care anything

No hope for alliance
No hope for sadness
No chance for forgiveness
Nothing but your misery

Nothing you can do
As it melts and grinds you
Inside pain you spent
In the misery

Sometimes it will tell
Where you've been and what I've seen
What I've found as I lay
In your ground by your side

Execution
Mass pollution
My solution
Kill the humans

Los Angeles
Engrossed in flame
Los Angeles
Engrossed in flame

I don't care what you think
I don't care what you say

I don't care about them
I don't care any

Lost in time in your mind
Nothing's left, they all died

I don't care what you think
I don't care what you say
I don't care about them
I don't care anything

Generation caught beneath
All these guns out of reach
Where were all your profits
During the atomic showers, shower of flesh?

Ashes, ashes, ashes
Kiss it goodbye
Kiss it goodbye
[Incomprehensible]
