[Dred Scott]

On my way home from school

Could I carry your books? The girl gives me the ill look

I said I'm not here to uhhh.. molest ya!

I just wanna talk to ya

She says, "Sir I don't know ya that well"

Okay like a white boy I said "Swell!"

And walked away with my head down

Feelin kinda funny just lookin at the ground

Kickin funky beats all the time with the flow

On the mic I'm grown yes I got to steal the show

Like this y'all, like uhh.. whatever

Kick it off me, yeah..
