Let's make love tonight

If you want me now just take me
If you want my body i'm yours babe
Anything you want if you just hold me tight, treat me
right
Everything for you, anything is true
You could be the one
When the music plays we'll dance the night away, night
away

Chorus:

Let's make love and we'll make it alright
Oh my baby just hold me tight
I could be, I could be in your arms
Let's make love together tonight
Let's make love together tonight

Show me what you want, its your babe
Let me in your heart and touch me
Just tell me what you need and love will set you free,
set you free
Everything for you, anything is true
You could be the one, oh baby
When the music plays we'll dance the night away
Come on now, let me hear you say

Chorus

Let's make love, lets make love
Come on now, let me hear you say

Chorus

You could be the one (2x)
Let's make love tonight (2x)
