Once upon a time up on this mic  
MC's be really workin' on what they write  
With the sound delight we rock all night  
And yes we're gonna party for the right to fight  
We're international like Matt Takei  
Rock the mic from Munich out to Taipei  
Still around the way is where we'll stay  
Say what we mean, mean what we say  
Trajectories from the past are taking their toll  
And what we do now is future molding  
Columbine bowling, childhood stolen  
We need a bit more gun controlling

(Chorus)

Right-Right-Now-Now; What is going on?  
We-We-Gotta-Gotta; Get it goin' on  
Be-Be-Fore-Fore; It's too far gone  
We gotta work together it's been too long

When I get on you scream, "HOO TIGHT!"  
Rockin' this flow I could go all night  
I'm not here to fight, or incite  
I'm like the beach in the Bahamas make you feel alright  
I'm getting kind of tired of the situation  
The U.S. attacking other nations  
And narration, on every station  
False elation's got me losing my patience  
I'm a funky-ass Jew and I'm on my way  
And yes I got to say fuck the KKK  
And oh yeah hey, how about today?  
If you want to set if off then let me hear you say

(Chorus)

Right-Right-Now-Now; What is going on?  
We-We-Gotta-Gotta; Get it goin' on  
Be-Be-Fore-Fore; It's too far gone  
We gotta work together it's been too long

I went to get a loan and they asked my race  
I wrote down human inside the space  
It's a disgrace how they try to debase

It ain't the banks damn business how my lineage trace  
Now let me drop a verse that's terse and concise  
I'm an iron chef when I slice and dice  
With the rhyme precise, the word is nice  
So please pass me the Riunite on ice  
Well let's go to work and not get berserk  
cause when the time comes the body goes to dirt  
Try to smooth it out like Levert  
Keep the mind on alert and not revert

(Chorus)

Right-Right-Now-Now; What is going on?  
We-We-Gotta-Gotta; Get it goin' on  
Be-Be-Fore-Fore; It's too far gone  
We gotta work together it's been too long
