Made a noise invented a sound
When Brian Wilson used it A hit was found

If only I could have imagined
The square waves running through his head

Square wave - people couldn't believe it
Square wave - all the way to Carnegie hall Square wave

One rod for Pitch
Electro Magnetic Fields
Wired up Sing Sing
hung out with Einstein

For all All of his brilliant innovation
Sent off to a siberian reservation
Square wave - people couldn't believe it
Square wave - all the way to Carnegie hall Square wave

You catch a bad one

Shit happens with the games you run
Never thought the day would come
It Ain't Tomorrow 'Till the day is done
A-Son - you caught a bad one

Yea son - changes we go through
Catch a bad one - think the world owes you
Yea son - what do you owe me?
Catch a bad one, c'mon son show me
Yea Son - Till the day is done
Catch a bad one - time to pay attention
Yea Son - All That's stress can equal none
A Son - you caught a bad one

Shit happens with the games you run
Even if it's a battle you won
The new day starts when today is done
A Son - you caught a bad one

Yea son - what in the fuck the world owes you?

Catch a bad one - when nothing goes through
Yea son - All about the c.r.e.a.m.
Catch a bad one - things are not as they seem
Yea Son - here your moms comes
A Son - you caught a bad one
