I could be, I could be, I could be your girl (2x)  
Tonight and forever, forever and ever

For tonight and forever, forever and ever

I see the way you look at me  
Don't you understand your love can set you free  
It's so easy we can be together for tonight and forever  
Don't you know that I can't wait  
Come with me don't hesitate  
I can be your girl, I can rock your world  
Be all your wildest dreams

Chorus:

For tonight and forever baby  
It's so easy we could be together  
For tonight and forever darling  
Just come with me and be together tonight  
Tonight and forever  
Forever tonight, forever and ever  
Tonight and forever

Just because your on your own, it dosn't mean thats  
what you need  
Come and take a chance on this romance  
I'll be your fantasy  
Nothing is a guarantee, but one thing I know for sure  
I can be your girl, I can rock your world  
Be all your wildest dreams

Chorus

I could be your girl

Tonight and forever
