Im going to close my eyes  
and never open them again  
Its plain to see, my heart gave way  
but its because of you that I break not bend  
and the last words that trickle out my mouth will ring in  
silence

Cmon you know I always heard you out  
and you brought about more pain than I could handle

A fatal love and forgotten pulse  
growing fainter with every minute  
What I need is one second of your time  
to loosen this rope long enough letting three words slip  
by  
Im remembering every car ride and sunset we  
absorbed  
despite youve got me dangled, tangled, and  
undeniably ignored

Cmon you know I always heard you out  
and you brought about more pain than I could handle

"forgiven, forgotten"  
drowned so often  
in the water under the bridge,  
the water under the bridge.

Cmon you know I always heard you out  
and you brought about more pain than I could handle

Ive been waiting for the longest time  
untie this noose and Ill be fine  
Im short of breathe and hanging from my neck all for  
you  
My flesh is searing from this knot youve tied  
regret, and blood, and pride collide  
swelling at my head and hands  
swollen I find myself still waiting
