AAAAARRRRRGGGGGHHHHH!!
Sensual pleasures of non-resistant triumph.....
Spiritual tendencies deeply rooted in man's psyche.....
Ab-I-Hayat waters of immortality.....
A sanctuary to mortante your mind

AAARRRGGGGHHH..... Into cold darkness

Absu the watery abyss.....
Abode of the gods.....
Acheron one river of Hades.....
Descend into the kingdom of the dead

Entering the under world condemned to torture.....
Conceived as the darkest region of frost and wind.....
This land of the dead is ruled by the sword.....

Where souls of the wicked remain forever

AAARRRGGGGHHH..... Into cold darkness

Now hundreds of angels rebel against God.....
Winged and naked riding black wolves.....
Millenniums of destruction, darkness have

Passed.....
Annunaki demands destruction of God forever

The great return of universal reconciliation.....
Christianity crushed and destroyed.....
A renowned region of evil immortality.....
Uncover the sacred symbol of fertility

AAARRRGGGGHHH..... Into cold darkness
