In no human brain can sufficient space be  
found for the relentless logic of hard fact  
until all pre-existence delusions  
have been finally annihilated,  
half measures are not of no avail  
we must go down to the very roots  
and tear out, even to the last fiber, we must be,  
like nature, hard, cruel, relentless, ragnar redbear.  
Beauty in purity the darkness glows the flesh  
through this the black flame of satan  
thou walketh in hell  
thy senses are awakened to the joy of rebirth  
the gates are flung wide and thy passage to heralded  
by the deathless cries of his guardian beasts  
his searing brand shall be evermore  
emblazoned in thy consciousness  
it's fiery meaning shall make thee free  
in the mist of our black paradise  
shall undefiles wisdom rule the rites  
of christ are but rites of death  
now receive the truth  
Arise! Invoke the blasphemous name  
the lord of Sodom, the god of Cain  
joy to the flesh indulge in the flesh forever  
[\*] The ever fading light  
the light of redemption  
we appear as ravens through the mist  
night fallen, all devouring  
shrouds of blackness  
silently consume all that is pure  
obscure his world, brothers of the bloodwar  
for we are unchained and almighty [x2]  
Arise! Invoke the blasphemous name  
the lord of Sodom, the god of Cain  
joy to the flesh indulge in the flesh forever  
In nomine magni dei nostri satanas  
Solemn, the lifeless angel of dawn  
silhouette, the fading symbol of life  
disappears amongst the shadow of wolves  
[\* - REPEAT]  
The celebrations of christ become the  
worship of abhorrence

chant the pagan of threnody for the  
council of virtue,  
a requiem sung for all the  
divine their lives are now exhausted  
as murdered day casts the sky in blood  
over the befallen city of man  
Arise! Invoke the blasphemous name  
the lord of Sodom, the god of Cain  
joy to the flesh indulge in the flesh forever  
In nomine magni dei nostri satanas  
Solemn, the lifeless angel of dawn  
silhouette, the fading symbol of life  
disappears amongst the shadow of wolves  
In the midst of our black paradise  
shall undefiled wisdom rule  
the rites of christ are but rites of death  
accept the absolute  
vanish into the void of thy empty heaven  
for thou wert never nor shalt thou ever be  
undefiled wisdom  
it's fiery meaning shall make thee free  
societe des luciferiens:  
it's fiery meaning shall make thee free  
societe des luciferiens:  
it's fiery meaning shall make thee free  
societe
