[Music - Lazaro / Lyrics - Suzuki]

unleash the sickness...  
infecting the soul which will now depart  
unearth the forsaken... dimming the glare of eternal  
light  
only to be erased by the awaiting devastation  
may his name be remembered no more  
predestined existence... their eyes bleed the lies divine  
imperious deception... admonish those who made you  
bleed  
foresee the coming of retribution...  
prepare them for the day of slaughter  
let them hate... so long as they fear  
as they did of us... for so many years  
complete voraciousness... towards the will of man  
through the hours of our pre-eminence  
the words of god we shall blame  
disembowel the souls to be released into the void  
their essence now ordained  
torrents of fury  
begin the process of deconstruction  
the obedient wait  
as their structure of life begins to decay  
from the inside out  
upon knees and hands  
drain the sanctity from their veins  
drowning from the pain  
the end of existence... devour the land from end to end  
his gates are ablaze... devour the palace of peace  
my words and my will shall be law... till death  
through the hours of our pre-eminence  
the words of god we shall blame  
disembowel the souls to be released into the void  
their essence now ordained  
let them hate... so long as they fear  
as they did of us... for so many years  
complete voraciousness... towards the will of man  
predestined existence... their eyes bleed the lies divine  
imperious deception... admonish those who made you  
bleed  
foresee the coming of retribution...  
prepare them for the day of slaughter

torrents of fury  
begin the process of deconstruction  
the obedient wait  
as their structure of life begins to decay  
from the inside out  
upon knees and hands  
drain the sanctity from their veins  
drowning from the pain  
unleash the sickness...  
infecting the soul which will now depart  
unearth the forsaken... dimming the glare of eternal  
light  
only to be erased by the awaiting devastation  
may his name be remembered no more  
the end of existence... devour the palace of peace  
my words and my will shall be law... till death  
watch as their faith begins to disintegrate
