Well my friend, I see your face so clearly
Little bit tired, Little bit worn through the
years
You sound nervous, You seem alone
I hardly recognised your voice on the
telephone

In between I remember
Just before we wound up broken-down
we drive out to the edge of the highway

Follow that lonesome dead-end road
sign south

(Chorus)
We're all in this thing together
Walkin' the line between faith and fear
This life don't last forever
When you cry I taste the salt in your
tears

Come my friend let's put this thing
together
And walk the path our worn out feet
has trod
If you want we could go on forever
Give up your jades ways spell your
name to God

(Chorus)

All we are is a picture in a mirror
Fancy shoes to grace our feet
All there is is a slow road to freedom
Heaven above and the devil beneath

(Chorus)
