Hully Gully
The Olympics
Smith & Goldsmith

A there's a dance spreadin' round like an awful disease
(chorus after each line) Hully, Hully Gully
Oh well you shake your shoulders and you wiggle your
knees
This dance goin' round from coast to coast
When me an my baby do it, tryin' to do it the most

Chorus-
Momma hully gully, Poppa hully gully,
Baby hully gully too

C'mon lets take a lesson, alright now
Shake your shoulders now, alright
wiggle your knees now... come on WAIL now
Moma hully gully, Baby hully gully
You can hully gully too

Well I went to a party now and what did they do?
Now everybody's doin' it, now why ain't you?
Everybody looks like he's got the space
Just listen here brothers and as all of you take

A Moma hully gully, Poppa hully gully
and baby hully gully too
Momma hully gully, baby hully
You can hully gully too
