Home alone that's where I found myself dreaming of
your face

(Your face)

Took a walk no plans to take somehow ended up at
your place

(Your place)

Where have I been? Tell me

(Tell me)

what can I do? Help me

(Help me)

Do you c what I c?

(What I c)

Did it always show?

(Did it always show, tell me)

Do you c what I c?

(What I c)

Don't think I can leave you alone

Spend my days catching rays

Wishing I could make you mine

(You mine)

In the flesh I should have guessed

Yes [unverified] I'm not deaf, dumb and blind

(And blind)

Where have I been? Tell me

(Tell me)

What can I do? Help me

(Help me)

Do you c what I c?

(What I c)

Did it always show?

(Did it always show, tell me)

Do you c what I c?

(What I c)

Did I always know

(Did I always know)

Don't think I can leave you alone

Ah, shudooby dooby, ah ah, shadooby dooby
Ah, shudooby dooby, ah ah, shadooby dooby
Ah, shudooby dooby, ah ah, shadooby dooby
Ah, shudooby dooby, ah ah, shadooby dooby

Where have I been? Tell me
(Tell me)
What can I do? Help me
(Help me)

Do you c what I c?
(What I c)
Did it always show?
(Did it always show, tell me)

Do you c what I c?
(What I c)
Did I always know
(Did I always know)
Don't think I can leave you alone

Do you c what I c?
Do you c what I c?
Do you c what I c?
Do you c what I c?
