And so we talked all night about the rest of our lives  
Where we're gonna be when we turn 25  
I keep thinking times will never change  
Keep on thinking things will always be the same  
But when we leave this year we won't be coming back  
No more hanging out cause we're on a different track  
And if you got something that you need to say  
You better say it right now cause you don't have  
another day  
Cause we're moving on and we can't slow down  
These memories are playing like a film without sound  
And I keep thinking of the night in June  
I Didn't know much of love, but it came too soon  
And There was me and you, and then it got real blue  
Stay at home talkin' on the telephone and  
We would get so excited, we'd get so scared  
Laughing at our selves thinking life's not fair  
And this is how it feels

Chorus:

As we go on, we remember  
All the times we had together  
And as our lives change, from whatever  
We will still be, friends forever

So if we get the big jobs and we make the big money  
When we look back now, will that joke still be funny?  
Will we still remember everything we learned in school?  
Still be trying to break every single rule  
Will little brainy Bobby be the stockbroker man?  
Can Heather find a job that won't interfere with her tan?  
I keep, I keep thinking that it's not goodbye  
Keep on thinking it's a time to fly  
And this is how it feels

\*Repeat chorus\*

La, la, la, la; yeah, yeah, yeah  
La, la, la, la, we will still be friends forever

Will we think about tomorrow like we think about now?  
Can we survive it out there? Can we make it somehow?

I guess I thought that this would never end  
And suddenly it's like we're women and men  
Will the past be a shadow that will follow us round?  
Will these memories fade when I leave this town  
I keep, I keep thinking that it's not goodbye  
Keep on thinking it's a time to fly

\*Repeat chorus 3x\*

Hey yall graduating from W.V.M.S  
Ill miss ya

-Anthony Cottom
