from "Master Of Disguise" movie soundtrack

In a secret world among us
lives a special man
who's trying to find his role within a bigger plan
with a simple slap of hand
a new name and face
he can make a world into a better place
[some dude: who's it gonna be?]
well, you can become another
[yeah, who's it gonna be?]
it could be your sister or your mother
[who's it gonna be?]
word to the wise:
you better not mess with the master of disguise!
[uh, uh, uh]
shalalalalala
he's a master of disguise
lalalalalala
he's a master of disguise!
the secret wealth of knowledge is his history
it's more than just a job
it's his destiny
become another person is the mantra, see!
never underestimate the name "disguise---?"
[say, who's it gonna be?]
he can appear before your eyes
[yeah, who's it gonna be]
he's got a family franchise
[who's it gonna be]
word to the wise:
you better not mess with the master of disguise!
[ah, ah, ah]
lalalala
he's a master of disguise
lalalalala
he's a master of disguise
[break] oh, oh, oh... uh, ha! x3
lalala
he's a master of disguise!
lalalala
he's a master of disguise

oh, oh, oh... ha...
