Ah, ah, ah

Sex has come between us  
(come between us, come between us)  
Sex has come between us  
(come between us, come between us)

You were my best friend (best friend)  
We've been through much together  
And you have seen me (seen me)  
In both good and bad weather  
Someone had asked me  
I'da said "Never!"

You kissed me and I kissed back  
Boy and a girl, it's a natural fact

Sex has come between us  
(come between us, come between us)  
Sex has come between us  
(come between us, tween, t-t-t-tween us)  
Everything has changed  
It's getting dull and strange  
Sex has come between us

Okay  
It was Sunday night (it was Sunday night)  
You came over for coffee  
And we stayed up all night (and we stayed up all night)  
Getting closer just talking  
Someone had asked me  
And I'da said "No way!"

You touched me and I touched back  
Girl and a boy in a natural act  
Sex has come between us  
(come between us, come between us)  
Sex has come between us  
(come between us, tween, t-t-t-tween us)  
Everything has changed  
It's getting dull and strange  
Sex has come between us

You turn, turn me on  
I never thought, thought you would  
Is this a big, big mistake?  
Or is this something good?

Sex has come between us  
(come between us, come between us)  
Sex has come between us  
(come between us, tween, t-t-t-tween us)  
Everything has changed  
It's getting dull and strange  
Sex has come between us

Everything has changed  
It's pitiful and strange  
How we rearrange  
Sex..has come between us

Sex has come between us  
(come between us, come between us)  
Sex has come between us  
(come between us, tween, t-t-t-tween us)  
Everything has changed  
It's getting dull and strange  
Sex has come between us

You were my best friend
