Alright...

Alright...

First of all

When you wake up in the evening and the day is shot
Find yourself complaining 'bout the thing you ain't got
Never crossed just the way that you wanted it to
Cliche of the day, cest la vie that's just

[Chorus:]

Life, it ain't easy

It's so tough

It ain't easy

(Whatchu wanna do, say whatchu gonna do)

Put a smile on your face

Make the world a better place

Put a smile on your face

(Whatchu wanna do, say whatchu gonna do)

Put a smile on your face

Make the world a better place

Put a smile on your face

(Whatchu wanna do, say whatchu gonna do)

And another thing

You can say that I'm a dreamer and you think it's
uncool

Preaching 'bout the better life I learned in school

But you get what you give in this life that we live

And all that you do come back to you

[Repeat Chorus]

Yo,

When things isn't right there's no need to fight

Come on be nice

No need to fight

Stay polite even when you're hurting don't forget to
smile

Give love to (?)

When you do good you'll get your reward

United with undivided we fall

Put a smile on your face and greet one and all

[Repeat Chorus]

People love you when you smile
And hate you when it's through
Lots of happiness
We are wishing you
If you come from Jamaica or Honolulu, yeah
Keep a smile on your face
I'll see the good that you do

Smile (smile)
And everything will be fine..
[cont. ad lib till end]
