If you don't know me by now

You will never never never know me

All the things that we've been through

You should understand me like I understand you

Now girl I know the difference between right and wrong

I ain't gonna do nothing to break up our happy home

Oh don't get so excited when I come home a little late  
at night

Cos we only act like children when we argue fuss and  
fight

If you don't know me by now (If you don't know me)

You will never never never know me (No you won't)

If you don't know me by now

You will never never never know me

We've all got our own funny moods

I've got mine, woman you've got yours too

Just trust in me like I trust in you

As long as we've been together it should be so easy to  
do

Just get yourself together or we might as well say  
goodbye

What good is a love affair when you can't see eye to  
eye, oh

If you don't know me by now (If you don't know me)

You will never never never know me (No you won't)

If you don't know me by now (You will never never  
never know me)

You will never never never know me (ooh
