When a man just can't be trusted
And again he's gone and lost it
Your call has been registered
It'll be returned when I get back home
I've been out loving all night long
I can't help it, that love it makes me strong
When a man just can't be trusted
And again he's gone and lost it
Ask me all the questions you need
I don't tell lies, my conscience don't bleed
You'll get all the time I can give
As long as you respect my freedom to live
When a man just can't be trusted
And again he's gone and lost it
I just can't be trusted
A kick in the ribs for the arrival late at night
So late in the evening you could see the morning light
When you're sat up alone and you wonder where I've been
You can pick up my belongings and tell me where I can take them
When a man just can't be trusted

And again he's gone and lost it

I just can't be trusted
