Right from the start you tried to hurt me,

But look at you now, behaving like a fool.

A long time ago you treated me so mean but

Chorus:

Look at you now.

Look at you now.

You threw me away like litter in the gutter.

I had to pick my self up and find something better.

-chorus-

I looked so hard, I'm looking hard now

Looking at your head.

Don't talk about birthdays, that don't mean a thing to me.

Don't throw it in my face, it's too sweet to sting.

-chorus-

I kept on looking hard (repeat)

Looking at your head, head
