Love has said goodbye again. See the road we go
down

When the wind dies down come the tears

That bring a new beginning

Love has said goodbye again feel the road we go down

We are here but the way we are here it is changing

There are many things here in this world

That make me Laugh

Comes a dream, comes a dream

Hey Laugh Hey Laugh

Love has said goodbye again. Feel the road we go
down

From the clear new year comes the dream of a new
tomorrow

There are many things here in this world

Are gonna make me laugh

Comes a dream

Hey laugh, hey laugh, hey laugh

Love has said goodbye again. Feel the road we go
down

From the clear new year comes the dream of a new
tomorrow

From the clear new year comes the dream of a new
tomorrow

From the clear new year comes the dream

Comes a dream
