The first time was the best time

The language you use

You gotta be careful what you will choose

And the first high was the best high

You're made of flesh and blood

Yet it makes you feel like wood

Oh the first time was the best time

The first line was the best line

It's hard to learn to beware

Spending thousands of pounds in a year

And worthwhile, is it worthwhile?

Ever wondered why you need more and more

to reach that sky?

Oh the first time was the worst time

And the sky is a gypsy

Oh, will I die with her with me?

Oh the best time is the worst crime

Oh the first time, oh may be the worst time

Oh, worthwhile, is it really worthwhile?

When the sky is a gypsy

Oh, will I die with her with me?

And the sky is a gypsy

Will I die with her with me?

Oh no, no, no, no

The first time

Maybe the worst time

Oh no...

Will I die with her with me
