I can't pronounce it  
Don't even understand  
The words I mean  
My tongue's tied  
Up around it  
My brain is so tired  
But my heart is so warm  
I wanna be with you  
To talk with you  
To sleep with you  
Most of all  
To make love to you  
Last night I dreamed about it  
The rooms in these hotels  
Are the same around the world  
I could really do without it  
I'll only hate myself  
If I take another girl  
I wanna be with you  
I wanna talk with you  
I wanna sleep with you

Most of all  
To make love to you  
Oh if I ever get home again  
If you could ever  
Do the same thing too  
I could open up my soul again  
I have to get this message to you  
I wanna be with you  
I wanna talk with you  
I wanna sleep with you  
I wanna make love to you  
Love to you  
You've got that feeling inside  
And you know  
My joy just can't hide
