people, places

pursuing the chases

our moments were chosen

her senses explosion

take your pulse and read it well

she never said you'd only get one chance

pay your debt and bleed as well

you're living in the same circumstances

the end of an era

our future no clearer

my people no stronger

the blame i lay on her

wonderland, wonderland

it's beautiful

wonderland, wonderland

it's beautiful

take your pulse and read it well

she never said you'd only get one chance

pay your debt and bleed as well

you're living in the same circumstances

the end of an era

our future no clearer

my people no stronger

the blame i lay on her
