The other day we talked so long
About our history
And all that had gone wrong
Big hardcore mystery
And images I keep
So vivid, buried deep
Of days and years gone by
There is no reason why

(Chorus)
A new day, a new time
Why don't we let the kids give it a try
A new way, a new plan
Why should we get
What we don't understand

Let all accomplishments speak loud
Why shouldn't we feel proud
A lot has happened since
Big hardcore influence
Some even tried to steal the name
But it was not the same
If our best days are behind
Let's hope some kids will find...

(Chorus)

(guitar break)
