"Definate Choice"

Take your pick and make a stand,
With no regrets or change of plan,
Keep your head, don't be afraid,
Be proud of the choice you've made.
Support your scene, you must believe,
Never stop just move ahead
(Chorus)
Oh Oh Oh! Deinite Choice!
Be positive, no ignorance,
To mindlessness, we must protest.
'Cause we're for real, we're gonna prove
That our movement's on the move,
Fuck big business, church and war,
That's not what we're fighting for
(Repeat Chorus)
