You whore!  
I see that look in your eyes  
Fuck no!  
It ain't a big surprise  
The same!  
As far as you can stay  
You're sick  
And then you come for me

You're just a whore  
With nothing in your head  
You're gonna end up dead  
It's plain and I can see  
Expect respect from me  
No class, no way!

Free sex!  
(? )  
You don't care  
With you it doesn't exist  
Get smart  
It's hardly worth the risk  
More sex!  
(? )

You're just a whore  
With nothing in your head  
You're gonna end up dead  
It's plain and I can see  
Expect respect from me  
No class, no way!

You're just a whore  
With nothing in your head  
You're gonna end up dead  
It's plain and I can see  
Expect respect from me  
No class, no way!
