Yeah, i'm glad that i came up when i did Had no choice, but to stay underground This band helped me get though all the bullshit Without music would i be around?

Say my thanks and be on my way I gotta feel it, hear it today When i look back, does it bother me I'll never let it get in my way

Say my thanks and be on my way I gotta feel it, hear it today When i look back, does it bother me I'll never let it get in my way

Well, we mentioned the music, the message What it mean, is it different for you? Do you hold it inside, keep it secret Does it just give you something to do?

Say my thanks and be on my way I gotta feel it, hear it today When i look back, does it bother me I'll never let it get in my way

Say my thanks and be on my way I gotta feel it, hear it today When i look back, does it bother me I'll never let it get in my way

My way! today! no way!!
