Hold out for the best one  
Dig in deep to  
Understand the routine  
Understand the problem  
Gotta shake foundations  
Need to shun reactions  
Only time will tell you  
All the things you'll go through

And the world  
Is your world

Will this feeling subside  
Time to take a ride through  
Different places, thresholds  
Can't be scared to try and  
Give a little promise  
You'll feel better

Any given moment  
There's a heart that's broken

And the world  
Is your world

Hey!

And the world  
Is your world

Will this feeling subside  
Time to take a ride through  
Different places, thresholds  
Can't be scared to try and  
Give a little promise  
You'll feel better  
Any given moment  
There's a heart that's broken

Hold it!
