Hey now I've this feeling
That I've never felt before,
I know it ain't cool to say this now,
But I can't help the way I feel inside.
Around you I can be the way I am,
Be happy, pissed or sad,
But the things I always think about
Are of feelings we have shared.
(Chorus)
'Cos when we are together there is something
That I have with you, Trust!
And as we're growin' closer I can feel it
Flowing out from you, Trust!
I hope you can feel the same way
That I do, Trust!
If there's one thing down between us
That's a must, it's Trust!
Look now, we can share emotion
Something that we both thought was just too tough,
Aggression, love and honesty,
There could never be enough.
All I wanna do is just let you know that I care,
And when things get too hard for you,
Look back and I'll be there.
(Repeat Chorus)
You inspire me intensely
Without any doubt.
You keep me thinking, help me try,
Show that I can do without,
With you there's more foundation,
More than any other time,
And when it comes to you my heart is true,
Until the day I die
