ASCAP

No one can say, that crime doesn't pay, that never is
true

It's supply and demand, with blood on your hands,
nightmares come true

It's in all the headlines, you're the worst of a kind, a
sinister breed

Such a contemptable way, to have your own say, you're
poisoned with greed

I said oh no (no no no no), you're completely insane
I said oh no (no no no no no), you'd take a life for
material gain

Blood money, you got blood on your hands

Blood money, but still you make your demands

Blood money, you can't get any colder

Blood money, but still you're thinkin' it over

You don't have to be smart, it don't take any heart,
least of all, shame

Some turret stunt, open in the front, your motive is
plain

And for those that contend, with the choice to
condemn, I know that you care

For those left alone, when it's time to go home, and
nobody's there

I said oh no (no no no no), you're completely insane
I said oh no (no no no no no), you'd take a life for
material gain

Blood money, you got blood on your hands

Blood money, but still you make your demands

Blood money, you can't get any colder

Blood money, but still you're thinkin' it over

When you're out on the street, and you got nothin' to
eat, it's easy to see

That you do what you can, still I don't understand, how
wrong you can be

Though it's all very clear, that you bargain with fear,

there's no justice at all
It's easy for some, they say the bigger they come, the
harder they fall

I said oh no (no no no no), you're completely insane
I said oh no (no no no no), you'd take a life for material
gain
Blood money, you got blood on your hands
Blood money, but still you make your demands
Blood money, you can't get any colder
Blood money, but still you're thinkin' it over
