Always so keen, in a big black fleur de lys
Had too much competition, in a limousine
Everybody got to him, and he finally had to make a
show
And no one could believe him, and he still doesn't know

Girl you fill me up, until I've had enough
Girl you fill me up, can't you see that
You're my girl, and enough is enough
Baby, you're my girl, and enough is enough

So we went down through the streets, and we never
even saw a fight
We had one look corner to corner, and we called it a
night
So I said we best get ready, cause we really didn't
wanna phone
He said, I must be some kind of a fool girl, are you
puttin' me on

You fill me up, until I get enough

Oh girl you fill me up, can't you see that
You're my girl, and enough is enough
Baby, you're my girl, and enough is enough

You're my girl, and enough is enough
Baby, you're my girl, and enough is enough

So we went on through the gate, and it sure enough
caused a scene
He said, one chance to make it on the silver screen
So we worked all day and night, tryin' to make it to the
4 state line
He said, baby you can stay tomorrow, we can have us a
time

Oh girl you fill me up, until I've had enough

Oh girl you fill me up, can't you see that
You're my girl, and enough is enough
Baby, you're my girl, and enough is enough
You're my girl, enough is enough
Baby, you're my girl, and enough is enough
