You know I'd spend my life with you  
Share all the dreams I have with you  
Do you wanna see my cry  
Do you wanna see me die, do you

I find it hard to face the day  
I find a bar and dream I'll pay  
Do you wanna see my cry  
Do you wanna see me die, do you  
Flow river flow, and carry me home  
Flow river flow, and carry me home

You know I'd spend my life with you  
Share all the dreams I have with you  
Do you wanna see my cry  
Do you wanna see me die, do you

Flow river flow, and carry me home  
Flow river flow, and carry me home
