I believe it's never ending  
True love could never last too long (long)  
To live your life without believin'  
You still live your life alone  
And I'm right here beside you  
This boy would never let you down  
And if you're ever feelin' lonesome  
You'll find comfort in his arms  
And I give my love to you, baby

When it's hard to believe, in changes  
And when it's hard to believe, at all  
When it's hard to believe  
Please believe that I love you  
I love you, I love you  
I love you, I love you

I want to request, that we never compromise  
And when I think about the future  
I see forever in your eyes  
And I feel the way you do, baby  
When it's hard to believe, in changes  
And when it's hard to believe, at all  
When it's hard to believe  
Please believe that I love you, ooh yeah  
I love you, I love you  
I love you, I love you

So rest your head upon my shoulder  
And I win forever, oh how I love you

When it's hard to believe, when everything goes wrong  
When it's hard to believe, together we'll be strong  
When it's hard to believe, please believe that I love you  
When it's hard to believe, everything will be alright  
When it's hard to believe, come to me girl, hold on tight  
When it's hard to believe, please believe that I love you  
Cause I do love you, cause I do love you, cause I do  
love you
